H702

**Nano-Texture
Glass Polishing Cloth**

A soft polishing cloth manufactured with non-abrasive material that will clean delicate surfaces without leaving scratches.

Features:

- Engineered from soft, non-abrasive material.
- Removes streaks, dirt, dust, light grease & moisture.
- Also great on all tablets, smart phones, computer screens & similar devices.
- Perfect for displays featuring Nano-Texture glass, such as Apple Watch, iPad, iPhone, iPods and more.

Debossed imprints for the H702 are "tone on tone" & provide a subtle accent.
